Subject: Determination of Completeness, Construction and Demolition Landfill (C&DLF) Unit,
Wilson County Westside C&DLF, Permit No. 98-09, Wilson County, Document ID No. (DIN) 5337

Dear Mr. Clayton:

On July 11, 2008, the Division of Waste Management (Division) received your permit application for continued operation of Wilson County Westside C&DLF. The report is entitled:

- *Permit Application Wilson County Westside C&DLF (Permit No. 98-09) Continued Operations.* Prepared by: Richardson Smith Gardner & Associates (RSG), Raleigh, NC & Blackrock Engineers, Inc, Wilmington, NC. Prepared for: Wilson County. July 10, 2008. DIN 5152.

The Division has performed a review of your application for a determination of completeness. Your application has been determined to be complete within the context of NCGS 130A-295.8(e). A determination of completeness means that the application includes required components, but does not mean that the components provide all the information that is required for the Division to make a decision on the application. The next step is for the Division to review the submittal for compliance with the Solid Waste Management Rules (the Rules), 15A NCAC 13B .0547.

Wilson County is authorized to continue operating the C&DLF Phase 1 (cells 1 & 2) in accordance with your most recent Solid Waste Permit dated July 22, 2005, and the Rules, 15A NCAC 13B.

Should you have any questions regarding this matter you may contact me at (919) 508-8507

Sincerely,

Ming-Tai Zhao, P.E.
